KNOW YOUR SCHEMES

Keeping Your Documents in Place

The paperwork every young adult in India should have sorted, and a simple system for keeping it that way.

The core set

- Aadhaar card, PAN card, bank passbook or statement, Voter ID (EPIC), birth certificate, and academic certificates.

A simple system

- Keep physical originals together in one folder, stored somewhere safe and known to a parent or guardian too.
- Keep digital copies in DigiLocker and a private cloud folder as backup.
- Photocopy or scan any document before submitting the original anywhere.
